MINISTRY OF ENERGY, MANPOWER AND INDUSTRY

The Ministry of Energy, Manpower and Industry (MEMI)'s vision is for Brunei Darussalam to be a country with a **'diverse and sustainable economy led by Bruneians for the prosperity of the nation'**.

The Ministry is committed to sustainable development and strengthening of the energy sector, support the growth of non-oil & gas industries, creation of job opportunities and improvement of business environment in Brunei Darussalam.

The Ministry is currently seeking to drive sustainable energy efforts through the implementation of renewable energy and energy efficiency & conservation initiatives.

Invitation for Request For Information (RFI)

The Ministry of Energy, Manpower and Industry (MEMI) wishes to invite interested proponents to submit proposals for a RFI for "30 MW Solar Power Plant" (the "Project"). The Project site is situated in Kampong Sungai Akar, Brunei-Muara.

Scope of the project

Provision to invest, build and operate a 30 MW Solar Photovoltaic Power Plant on a Remediated Landfill Site in Brunei Darussalam

To register for the RFI, interested proponents should send an email to MEMI's Renewable Energy Unit under the Sustainable Energy Division at the following email, renewable.energy@memi.gov.bn with the subject heading:

Request for Information to Invest, Build and Operate a 30 Megawatt Solar Photovoltaic Power Plant (Ref. No. MEMI/RE/RFI/19/0001)

Subsequently, the RFI Document will then be issued by e-mail.

Further details can be obtained from the following website: <http://www.memi.gov.bn/>

The completed RFI Proposals should reach us no later than 3.00pm on 2nd October 2019.
